Cold Calling Your Marketing List

BEFORE CALLING, PULL UP THE PROPERTY ONLINE TO USE AS A REFERENCE

Hi (their first name) this is (your name). How are you doing today?

Well, the reason for my call is I am a local home buyer right here in (your town name) and I was reaching out to see if you might be interested in hearing an offer from me on your home?

IF YES...

Okay perfect! Well I do need to verify a little bit of information from you.

(In this part you are verifying the information on the property. It's great to use Zillow.com because it pulls data from tax records)

EXAMPLE:

1. So your address is 1234 Right Street, Atlanta, Ga, correct?
2. And It has three bedrooms?
3. And two baths?
4. It's around 1700 square feet?
5. Built around 1973?
6. Okay, so is your home on a basement, crawlspace or a slab?
7. Is the roof older than 15 years or younger?
8. How about the heating and air conditioning unit, are they older than 15 years or younger?

Great! Let's talk about the house. What's the condition of the property?

1. On a scale from 1-10...10 is move in ready, you can eat off the floor. 1 is, it has no floors (chuckle), and 5 is it's acceptable but just barely.
2. What do you think the repair cost would be if you hired a licensed contractor to do the work?
3. Is it empty, occupied by you, or rented?

(If rented, please ask additional questions below)

1. How much are you getting in rent?
2. Is this property on a lease or month to month?
3. When does the lease expire?

FINANCIAL BACKGROUND

1. How much do you owe on the property?

*Every once in a while people tell me what the price they're looking for is lower than what they owe. Obviously we can't buy the house if you owe more than you're asking. We don't need exact numbers, but approximately what do you owe for the property?

2. What are you looking to get for the home?

*Ballpark only and I won't hold you to it. What are you looking for?

*Can you give me a range?

*I need to know what you are looking so I can see what we can do for you.

ONCE THEY GIVE YOU A NUMBER THEN GO TO NEGOTIATION

NEGOTIATION PHASE 1

*If I can make this quick with no contingencies and give you all cash at closing. Of course I am not gonna come back and ask you to repair anything. What's the bottom line of what you want to get out of the property?
