Virtual Driving for Dollars

(First Name), Hey, this is (your name). How are you doing today?

Well the reason for my call is I was driving down (Street Name) and I saw this property that I believe that you own at (Street #)

You see I buy fix and sell homes and I buy and rent them out. When I saw yours I just knew I needed to give you a call!

It is exactly what I am looking for and I was wondering if there was anyway that I could make you an offer for it.

Great! Let's talk about the house. What's the condition of the property?

Is the roof older than 15 years or younger?

How about the heating and air conditioning unit, are they older than 15 years or younger?

1. On a scale from 1-10...10 is move in ready, you can eat off the floor. 1 is, it has no floors (chuckle), and 5 is it's acceptable but just barely.
2. What do you think the repair cost would be if you hired a licensed contractor to do the work?
3. Is it empty, occupied by you, or rented? (If rented, please ask additional questions below)
 - How much are you getting a month in rent?
 - Is this property on a yearly lease or month to month?
 - When does the lease expire?
4. How much do you owe on the property?
 - Every once in a while people tell me what the price they're looking for is lower than what they owe. Obviously we can't buy the house if you owe more than you're asking. We don't need exact numbers, but approximately what do you owe for the property?
5. What are you looking to get for the home?
 - Ballpark only and I won't hold you to it. What are you looking for?
 - Can you give me a range?
 - I need to know what you are looking so I can see what we can do for you.

ONCE THEY GIVE YOU A NUMBER THEN GO TO NEGOTIATION...

NEGOTIATION PHASE 1

If I can make this quick with no contingencies and give you all cash at closing. Of course, I am not gonna come back and ask you to repair anything. What's the bottom line of what you want to get out of the property?
